COMPANY PROFILE

A compliant and reliable security partner.

Kopjane Security Services is a subsidiary of Kopjane Holdings (Pty) Ltd. We are a PSIRA-registered provider with the resources to manage large-scale and high-risk projects. Our competitive edge comes from staff selection, training and supervision.

Our services are structured across commercial, residential, construction and government markets so each client receives dedicated, tailor-made cover aligned to assets, infrastructure and operating hours.

Mission

- Dedicated, tailor-made and specialised services for each client.
- Training, growth and empowerment for our employees.
- Durable client relationships beyond a single contract.
- Current industry trends, technology and innovation.

Vision

Stability through quality service, leadership through innovation, workforce growth through training, and competitiveness through fair pricing and value-added services.

Our people

- No employee is deployed without PSIRA certification.
- Training delivered through Tubatse Security Services and accredited partners.
- Seven team leaders and more than twenty-six general staff on active operations.
- All firearm holders are qualified and compliant.
- R10 million public liability cover for our workers and operations.

OUR OFFERING

Security services built around your risk.

Commercial guarding

Shopping centre, retail and industrial protection from Grade D unarmed to Grade A armed. SLA-based complements with control room staff, safety officers and armed response support.

Residential security

Perimeter patrol, access control and armed response within a 10km radius. Panic integration and remote monitoring options.

Construction site security

Vehicle and armed deployment across Gauteng and Limpopo with intelligence-led guarding for exposed sites.

Government institutions

Schools, courts, municipal offices and national key points with PSIRA-aligned, vetted teams.

Personal and close protection

VIP close protection, protocol support and armed escort where authorised.

Event and high-risk security

Joint operation planning, guest-list analysis, access control and floor-plan security.

Mobile banking security

Secure escort and protection for cash-handling movements.

24-hour support

Client support and escalation channels available around the clock.

How we work

1. Risk assessment of your site, access points, hours and threat profile.
2. Compliant PSIRA-aligned staffing, briefing and equipment for each post.
3. Deploy with standing orders, supervisor checks and 24-hour support.
4. Report, review and improve so the posting plan stays current.
